

SOP: Print and Scan Operations Manual

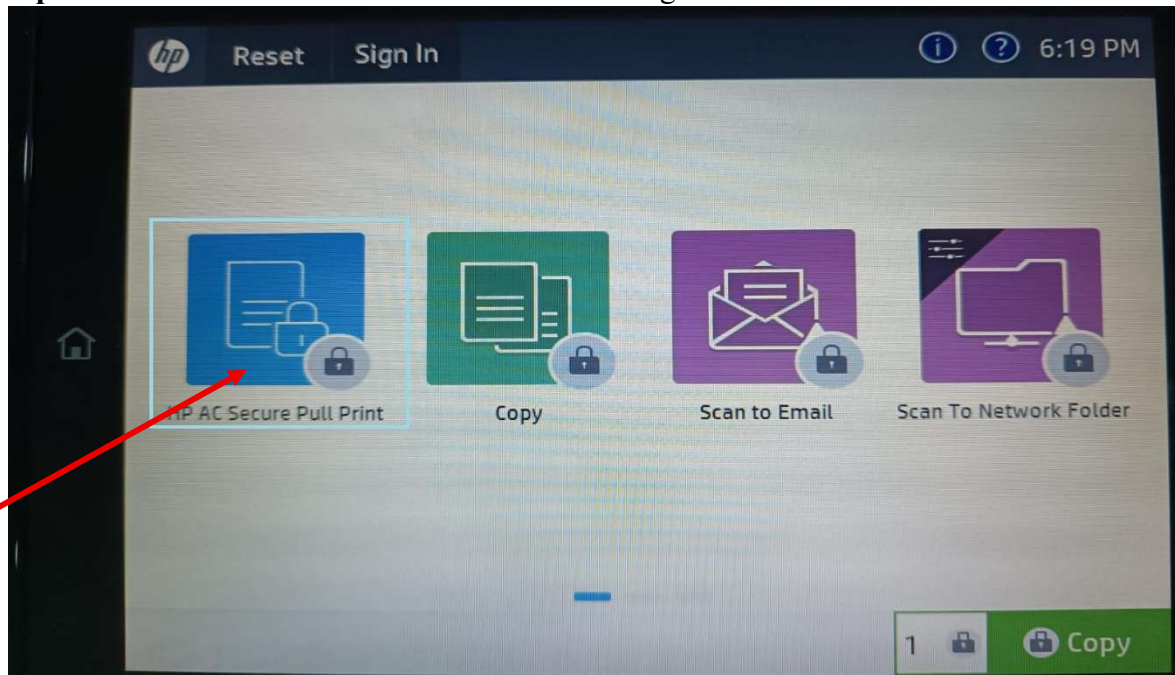

Purpose:

The purpose of the Print and Scan operations is to provide secure access to printing and scanning services. This allows users to print documents, scan to email, or save to a network folder from any authorized device while ensuring document confidentiality and efficient workflow through secure authentication.

a) How to get a Print:

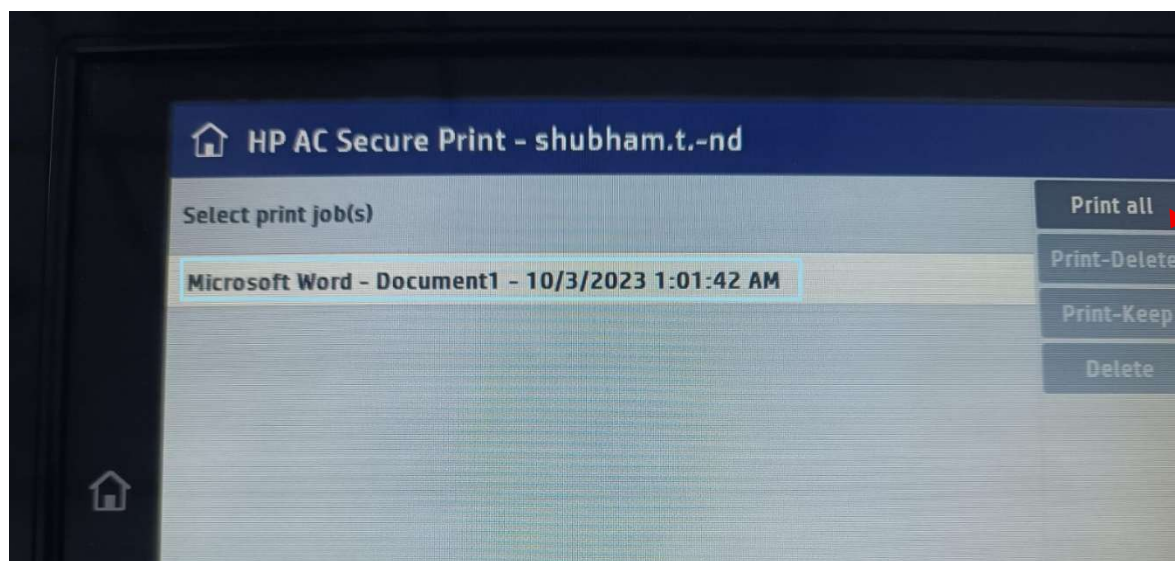

Step 1. Swipe your card on the Card Reader to log in.

Step 2. Click on the “HP AC Secure Pull Print” logo.

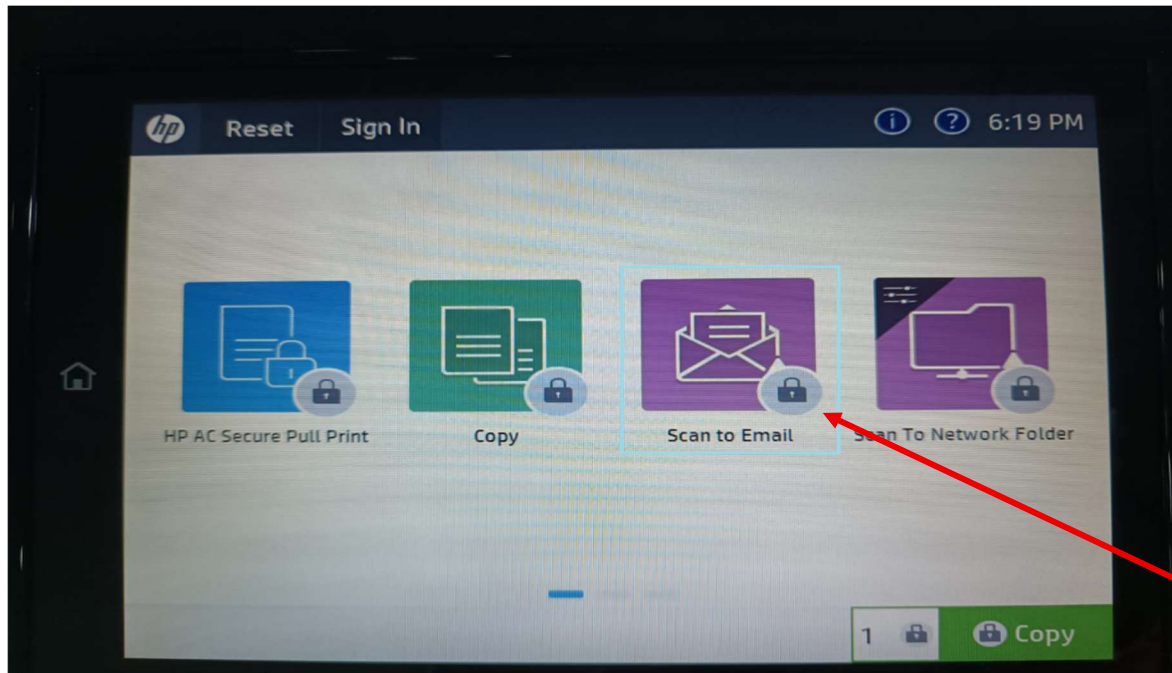

Step 3. Select the documents you want to print.

Step 4. Click Print to send the documents to the printer.

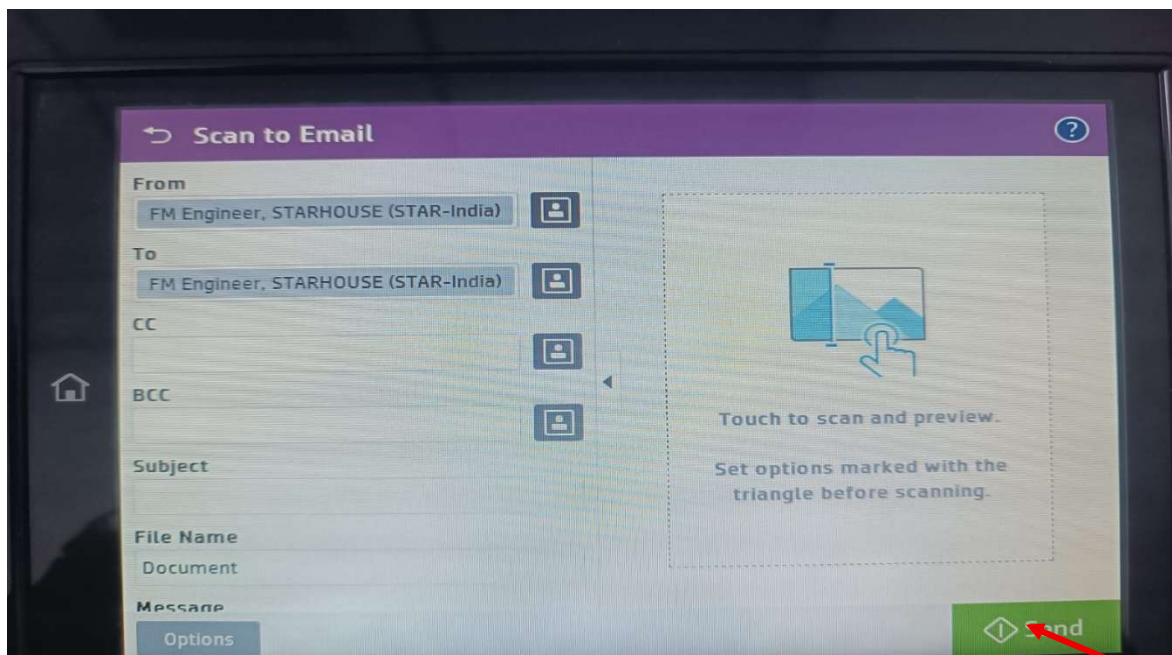

b) For scan to E-mail:

Step 1. Click on Scan to Email on the printer interface.

Step 2. Select the email recipient.

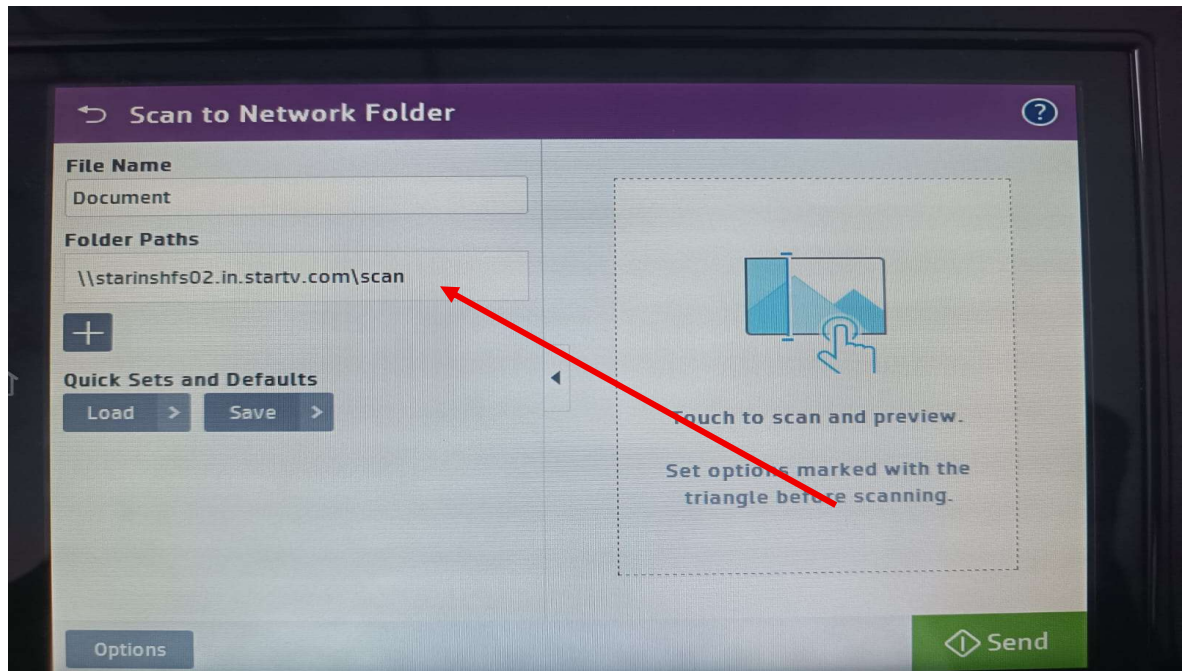

Step 3. Scan and Send the document as an attachment.

c) For scan to Network folder:

Step 1. Select the \\starinshfs02 .in.startv.com\\scan folder path on the network.

Step 2. Scan and Send the document to save it in the selected folder.

d) How to Enroll yourself:

1. Swipe your card on the card reader.
2. Click on okay.

Enter your login credentials Domain/Username and password.
